Come home to healthy, green, mountain living! This Silver Level NC Green Built Home and Energy Star rated three/four bedroom farmhouse in North Asheville was built by Jade Mountain Builders in 2008. The custom-built home has high-end finishes, including solid doors, sound-baffling, multi-zoned HVAC, separate garage, a landscaped botanical garden, a large custom storage shed and fun features like a screened porch, bedroom lofts and a laundry chute. A beautifully built house tucked in the Beaverdam Valley less than a mile from stores and restaurants but situated in a pastoral cove with views of the surrounding mountains.
